MISSION-DRIVEN
Design & Development

Corporate Overview

Twelve Fifth, Inc., a minority-owned small business, specializes in innovative technology systems and solutions for Federal, State, and Local Governments. Our certified engineers apply industry best practices, along with sound judgment, to oversee performance, schedules, and costs for every project. We deliver effective business and technology solutions across multiple domains to achieve client goals, ensure compliance, and maintain continuous technological transformations.

At Twelve Fifth, we are committed to our philosophy of delivering ever-changing technology and acquisition services to our clients. We do this by drawing upon deep functional expertise while working in small teams to serve as resources to our clients during all phases of a project or transformation lifecycle to achieve operational excellence and breakthrough performance. We carefully analyze each situation and work with our clients to implement recommendations and solutions.

Differentiators

Mission Focused. We understand government environments and constraints. Our business and technology solutions are fully tailored to each client's individual needs.

Exceeding Expectations. We are constantly pursuing excellence by understanding your organization's current and future needs. With unrivaled stewardship of capital and resources, we deliver solutions to drive innovation and Return on Investment.

Excellent Customer Service. We go the extra mile in providing excellent customer service, with service desks that are available 24/7/365. We stand ready for unplanned service needs.
